

Make Waves

FlexSteps

HAND-CRAFTED, AMERICAN MADE

Built for Life on the Water

FlexSteps

Designed for **stability**, **durability**, and **versatility**, the LakeEze® FlexSteps ensure a **safe** and **secure transition** for any dock setup—bringing ease and confidence to every step.

SEAMLESS ACCESS TO YOUR
DOCK & WATERCRAFT

Steps are available in Cool Gray, Espresso Brown, Navy Blue, Seafoam, Orange, Red, or Glow-in-the-Dark (upgrade).

For additional options visit LakeEze.com

Key Features:

- 1 Exclusive step system provides a **secure, stable transition** between dock levels, **easy boarding access** to watercraft, and **safer movement** on and off the dock
- 2 With a 42 degree **gentle slope**, it has the same rise and run as the stairs in your home
- 3 Built with a marine-grade aluminum frame that is **corrosion-resistant**, **lightweight**, and **durable**
- 4 Available in **3-step** or **4-step** models to accommodate different dock heights and setups
- 5 Steps are made of high strength glass-filled polypropylene providing a **slip-resistant, gentle surface** for added safety and grip, available in a variety of **UV-resistant** colors
- 6 Easily integrates with other LakeEze accessories for a seamless, customized dock setup
- 7 Built to withstand fluctuating water levels, ensuring reliable performance in changing conditions
- 8 Reversible ladder handrail side
- 9 Simple installation with minimal maintenance required for **long-lasting performance**
- 10 Ideal for **all ages** and furry friends
